

Service Plan for Fullerton Public Schools: 2022 - 2023

Staff Development Services (84-002.05A)

CIP: Utilize the data more from Newsela. Communicating to the members the access to data that they already have. They have generic Google accounts for Newsela and other data platforms. During late starts, would like for CIP team members to share highlights regarding strengths and areas for growth they see in the data. We want teachers to have a wider view of what the data looks like in the district outside of their specific students. How can we work to get more teachers on board with Newsela? Designate someone to be regularly checking on the Newsela data. Cleaning up the Newsela data this year. Make sure someone is monitoring this often. Encourage teachers to log in through their Google single sign-on.

NWEA/MAP (Data Walk): Would like to pursue the same process. Just incorporate some new data pieces. Reserve time in the afternoon for meeting with CIP team. How can we incorporate Newsela data in the data walk as well (Tammy might be able to share their district log-in)?

ITIP (Instructional Models): Continue with this as usual.

Mentor Support: Tammy and Eric will visit about this in regards to pairing teachers with mentors.
