

# Service Plan for Osceola Public Schools: 2023 - 2024

## Staff Development Services (84-002.05A)

- Priority Standards: As they move toward standards-referenced training, priority standards are a key. Want a priority standards overview at start of 23-24 school year and circle back at least 2 more times each semester.
- MTSS: Relying on FastBridge for data K-12. Discussed data points they have and what they should use. Built in 3 data afternoons per semester w/ 1:30 outs.
- CK-LA Implementation. Webinars with vendors have not yet been set. Koliha recommends training happen before the end of the 22-23 school year (in May). Follow up with Koliha after school starts. They are waiting to see additional direction from the vendor.
- ELL- influx this year. They need updates and processes/ documentation to make sure they are on the right track. Not currently in consortium, but some upcoming opportunities: April 25th is a consortium day at ESU 3. Mark advises them to send a teacher + admin. Summer opportunities: June 5th NDE event here. Specific situations were discussed with Mark who will follow up. Mark will meet with them next week.
- Common Instructional Practices (APL) Marzano, Kagan. Engagement strategies as a whole.
- Grading Practices: Will revisit this the beginning of Spring 2024 semester. Otis will reach out to put together a multi-year plan with benchmarks.
- MS Math is going to Eureka Squared. Marci will reach out to the teacher to see how it is going.

### Planned Service Implementations

Before Age 5 Training	EL Professional Learning	Multi-Tiered System of Supports (MTSS/RDA)
