

Service Plan for West Holt Public Schools: 2019 - 2020

Staff Development Services (84-002.05A)

MAP testing three times a year in the elementary (may have changed to two times); twice in the high school

Acadience - three times a year.

No formal behavior management; leave it up to teachers to handle; usually have a couple kids that are behavior problems

Unsure of the follow through; great support from Heidi with the Science standards

Year 5 of school improvement, Frameworks; trying to help teachers take the lead, not being as administrator-lead; school improvement does not work when it is totally top-down driven; February 5 is the date for the visit

Tracey is struggling in the area of curriculum, more help; Heidi will reach out to her

Would like more direction in where to go with the curriculum. Something that sits on a shelf. Not sure how much it is utilized.

Mrs. Randall does a nice job of instructional coaching with the elementary. What does it look like at the high school level? How can this happen for it to be productive?

No formalized instructional model. Paul is planning on coming to the Marzano day. Liked watching the collaboration process and having a common language.

Do a solid job with MTSS process.

Always strive to set up days for technology. Certain teachers 'run' with it. Would be great to integrate technology into already existing content.

Technology manager asks for help when he needs it.

Student management systems utilize Schoology.

Top 3 areas of support: Technology - lack the staff to teach this and time is a factor, lack of knowledge base; Curriculum help for Tracey with alignment and realignment of standards, content area support; Continuous School Improvement

Planned Service Implementations

Assessment	Instructional Coaching	Other/Non-NSCAS Content
Content Area Support	Instructional Models	Trainings
Continuous Improvement	Leadership	Professional Growth Seminars
Continuous School Improvement	Learning Management System Support	Special Education Professional Development
Curriculum	MTSS	Technology Integration

Instructional Materials Services (84-002.05C)

Planned Service Implementations

Products and Subscriptions
